Core: Reactjs, Next.js, TypeScript, JavaScript, HTML5, CSS3, SASS, Redux, GraphQL, A11y

Others: Jest, React Testing Library, ESLint, Git, REST APIs,Node.js, SQL, AEM, zustand, web-performance

EXPERIENCE

Publicis Sapient, Gurugram — *Senior Software Engineer*

Jan 2024 - PRESENT

- With 5+ years of experience, contributing to two major enterprise products — **a commercial vehicle financing platform** and **a healthcare product** — focused on improving digital experiences for large-scale users.
- Developed **structured form-driven flows** for the automotive financing platform enabling buyers and lenders to manage quotations, validations, and approvals efficiently.
- Worked in a monorepo setup using nx. Created a **generic search experience** with autocomplete, geolocation filtering, and result caching for a healthcare provider-finder app
- Implemented modular UI architecture using **Next.js**, **React**, and **AEM**, ensuring seamless multi-role user journeys and accessibility compliance.
- Refactored Splunk logging integration by introducing a **singleton service pattern**, reducing redundant log instances and improving system stability.
- Worked on a node package that can be used as plug and play component for appointment booking ui with your api's and content.

Globallogic, Noida — *Senior Software Engineer*

Dec 2020 - Dec 2023

- Worked with an EdTech **administrative platform** used by K-12 institutions for human capital and student data management.
- Built a data-export and merge tool (“**Exporter**”) that automated reporting, reducing manual effort by **50%**.
- Migrated legacy **Angular** apps to a modern **React-based** stack, improving maintainability and UI performance.
- Mentored junior developers and wrote onboarding scripts that saved ~2 weeks of setup time for new team members.

EDUCATION

Technocrats Institute of Technology — *Bachelors of Engineering (Computer Science)*

June 2016 - August 2020, Bhopal

Pursued degree in Computer Science with a CGPA of 8.2.

LANGUAGES

English, Hindi
